The following is a statement of reasons for the indication of allowable subject

matter: Claim 1 recites, inter alia, "a probe needle with one end connected to said

circuit board and the other end coming into contact with electrodes connected to said

semiconductor integrated circuit, and a circuit for *applying voltage to said probe needle*

to destroy insulating film at the tip of said probe needle." Applicant's arguments base

on the above limitations overcome the office action mailed on 07/14/2004.

2.   Any comments considered necessary by applicant must be submitted no later

than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on
